

Nana's House 2020 Raffle Fundraiser

Brought to you by:

At Nana's House our mission is to provide safe, loving homes where neglected, abused, needy or abandoned children can come and experience God's love!

Due to obstacles created by the COVID 19 pandemic, our monetary donations have come to almost a complete stop. We rely on these donations to keep our doors open and our lights on so that we can continue to make a difference in the lives of children in our community!

Donate to participate!

\$100 for 1 ticket or \$200 for 3 tickets

Your tickets will be entered into the drawing for your choice of the following prizes!

**Sullivan's
14kt Waterfall Diamond
Ring**

The cluster ring has a cathedral design. The ring is prong set with a cascade of 27 round brilliant diamonds, totaling approximately 1 5/8 carats. The grand expression of sparkle is dramatic.

Diamond quality: L-M range color, I1 average clarity, good cut.

Approximate Value: \$2,450

KelTec - KSG

The one that started it all. The KSG was our first entry into the 12ga shotgun market, so naturally we had to completely redefine it by setting a new standard in both magazine capacity and overall length. Here's the short and not-so-long of it: Legal in all 50 states, the KSG holds 6+6+1 (or 7+7+1 depending on shell length) in a 26.1" package. That's not a typo- it holds a lot of ammo at just over two feet long. It comes standard with an 18.5" barrel and Picatinny-style rails for mounting your favorite accessories on both the top and bottom.

Approximate Value: \$770

KelTec - The SUB2000™

The semi-automatic SUB2000 is designed to be the most convenient 9mm or .40 caliber rifle available. It's adjustable and foldable to 16.25 x 7 inches for easy storage and can accept most popular handgun magazines. Plus, it can easily be disassembled for cleaning or inspection without tools. Ideal for backpacking trips and situations where space and convenience are paramount.

Approximate Value: \$556
